

CELEBRATION POLICY

PURPOSE:

To outline to families who attend the centre the celebrations that the centre will observe.

IMPLEMENTATION:

This centre is currently owned, administered and staffed by people who observe Christian principles and traditions. As is stated in our Multicultural Perspective, this centre displays an awareness, acceptance and respect for other cultures and religions. We ask therefore that any family enrolled at this centre who practices another religion afford us the same courtesies and understanding in the practices of our faith.

Elder Street Early Childhood Centre will celebrate Christmas through craft activities, music, stories and our annual Christmas celebration. We will also celebrate Mothers and Fathers Day and Easter celebrations in similar fashions.
